

College Scholarships

*The following scholarships have come into the Guidance Office in the past. This does not mean they will come in this current year or still exist but as new information is received, we will update that scholarship on this page. Please note that they are for seniors only unless the criteria says otherwise. Note also that the **dates listed with asterisks are for the previous academic year**. New dates/information will be posted as soon as we learn them and the asterisk will then be removed. Students' best source for scholarships is always the individual college so be sure to thoroughly check college websites for their scholarships and application requirements.*

Last updated Mar 8, 2018
